

Orson, that's quite the snow suit... I thought you were already well-padded enough to withstand whatever *Old Man Winter* can dish out.

Haha, very funny...not. That November storm was a signal that this winter might be a rough one.

I wasn't aware that owls hibernate in winter. Is this just another of your ploys to get everyone else to sleep through and leave the good food for you?

Hey, I don't ruin all your plans! Orson's gotta eat!

"Installment" is a double play on words: these informational mini-newsletters are put inside bathroom cubicles (*"in stalls"*) and the content gets changed out - in *"installments."*

Get it? Got it? Good!

Trash 2 TREASURE

We are doing our MoveOut collection again, even though you are only going home

and not moving out for good. Do you have summer or fall clothing, food, books, or stuff you just don't want to bring home? Donate unopened, non-perishable food items, gently used and *clean* clothing and costumes, unused school supplies, housewares, and books in the blue collection bins in these designated areas:

Dodge Hall: Front Lobby

Glen Park: Front Lounge

Weld Hall: Left Front Lounge

Leach Hall: Front Lounge

Main: Each floor's "crossbar"

Fairlane, Mandel, campus offices: bring items directly to the Sustainability Center

We will resupply the *Bargain Basement* and *RUMPUS Room* on campus, and donate the rest to area charities and reuse outlets.

To get your residence hall room or office ready for the extended break, the *Office of Residential Life* reminds you to

take the following steps:

- ☞ Close and lock your window; and close your shades.
- ☞ Turn off and unplug all appliances and electrical devices, including alarm clocks, lights and power strips.
- ☞ Refrigerators may remain plugged in (but eat or toss any food that could go bad over break). If you *can* completely empty your fridge, unplug it and leave the door propped open to allow it to air out and dry out.
- ☞ Empty your trash and recycling containers.
- ☞ Remove any perishable food items.
- ☞ Turn off all lights and lock your door.

Bring any dead batteries, extra plastic shopping bags, and even burned-out light bulbs to the *Sustainability Center* classroom in Zabriskie 212 and deposit the items in the labeled collection boxes. We will properly dispose of them over the break.

Don't be grinchy...

As you prepare to leave your room or office for the winter holiday, please **turn off** and **unplug** all energy-using equipment in your room. Many electronic items draw power even when the unit is turned off but left still plugged in. Pull the plug on energy waste.

Consider sharing your ride

Save money. Use Well's private **Make friends.** **Zimride** network to share the ride! Go to

zimride.com/flxrideshareacademic to set up your profile, then start posting ride offers to others or request rides. You may restrict your requests to within the Wells campus community only, or you may open up your search to other trusted academic partners in the area, including Cornell, Ithaca College, and TC3. Have a safe and enjoyable break!

Installments

are produced as a community service by the **Wells Center for Sustainability and the Environment.**
