

Welcome back, Orson. We missed you. Did you have a good summer?

*Thanks! I had a great time, but now I'm ready and rarin' to go to help the new members of our Wells community understand how to make more sustainable choices. We'll soon get everyone Fall-ing into line.*

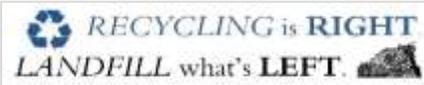

*(Sigh). Oh, Orson, your puns are one thing we didn't miss this summer...*

It's a new academic year. Please make sure you know what is landfill trash *versus* all these recyclable items:

- Mixed paper (white and colored office paper, letterhead, magazines, catalogs, newspapers, envelopes, window envelopes, paperboard)
- Glass containers
- Metal Cans and Foil
- Plastic Containers #1 through #7
- Paper milk and juice cartons
- Small rigid plastics

Please observe "Carry In, Carry Out" for classrooms and offices. Take any trash and recyclables to the nearest waste separation station. Remember:

Please properly separate compostables in the dining hall. All food scraps (garbage) and used napkins go in the compost bin; anything else (and there isn't much else that *isn't* compostable) goes into trash.

Make sure you carry and use your refillable beverage container. There are water bottle fill stations that dispense chilled, filtered tap water in convenient campus locations:

- Cleveland Hall 2<sup>nd</sup> floor
- Stratton Hall 1<sup>st</sup> floor
- Macmillan Hall 1<sup>st</sup> and 3<sup>rd</sup> floors north end
- Macmillan Hall – Phipps Auditorium (*backstage*)
- Campbell Art Building
- Schwartz Center 1<sup>st</sup> floor
- Sommer Center entry (off-line during construction)

*Additional water bottle fill stations coming soon:*

- Stratton Hall 2<sup>nd</sup> floor
- Long Library 2<sup>nd</sup> floor (near Writing Center)
- Dining Hall north end

Another reminder about proper waste disposal:

**Our Wells community recycles.**  
Please properly dispose of these items:

Finish your hot beverage. \*  
THEN  
Separate the recyclable paper sleeve and plastic top from your empty used cup.  
\* or pour the rest into the trashcan first.

**Go-Cup? Drink it or drain it. Don't dump it.**  
**Don't dump liquids in either trash OR recycling bins.**

**"Installment"** is a double play on words: these mini-newsletters are placed inside bathroom cubicles (*"in stalls"*) and the content changes periodically - in *"installments."*

**Get it? Got it? Good!**

Looking for a weekend ride home or a lift for shopping? Want to fill empty seats in your vehicle for commuting to school or work? Planning already for your Fall Break trip home? Wells is part of *Finger Lakes Rideshare*, a free ridematching platform to help riders find drivers and share their ride. Go to [zimride.com/flxrideshareacademic](http://zimride.com/flxrideshareacademic) and set up your profile. Post ride offers or ride requests and see if you can find your match.

We announce this contest to encourage you to try *Finger Lakes Rideshare*. Create a profile *before September 30* and you will be entered to win prizes. Those with existing profiles are automatically entered in the contest. Use the system to post a ride offer or a ride request during the period and you will be entered to win twice! So check it out and try it out!
