

Carla Wise is a plant conservation biologist, climate solutions advocate and writer. She has been writing about environmental issues and climate change since 2006 and doing climate advocacy work since 2013. She co-founded the Corvallis Chapter of Citizens' Climate Lobby, where she served as co-leader from 2013-2020. In 2018, she founded Power Up for Climate Solutions, a non-profit created to provide information, tools and inspiration to help people take action on climate. She is author of [***Awake on Earth: Facing Climate Change with Sanity and Grace***](#), a book about finding positive responses to the climate crisis. She has a master's degree in environmental policy from Yale and a Ph.D. in biology from the University of Colorado.
