

Sustainability Perspectives

Introducing WELL: Putting the Human First

Courtney Royal, WELL AP, LEED AP BD+C, senior sustainability consultant for TAITEM Engineering, will explain how the WELL Building Standard is revolutionizing the way people think about buildings. It explores how design, operations and behaviors within the places where we live, work, learn and play can be optimized to advance human health and well-being. From indoor air quality to sleep patterns to fitness and nutrition, come learn about how you can apply these principles to your home!

Monday, October 29, 2018 ~ 12:20 – 1:20PM
deWitt Lecture Hall, Zabriskie Hall Room 106

All *Sustainability Perspectives* series events are free and open to the public.
The series explores the concept of 'sustainability' from a variety of viewpoints.

Wells is committed to providing access to all events; anyone needing assistance should contact Marian Brown, Center for Sustainability and the Environment, at 315-364-3304 or by email at mbrown@wells.edu, as soon as possible.

Arrive curious ∴ Graduate prepared.
