

Sustainability Perspectives

Climate Change, Careers in Green Buildings, and What More You Can Do

Ian Shapiro, founder of *Taitem Engineering*, a local firm specializing in energy conservation and renewable energy projects, has been twice trained by Al Gore's *Climate Reality Project*, which produced the film "*An Inconvenient Truth*" that raised public consciousness about climate change. Climate change is already happening. Come hear the latest update from Al Gore's *Climate Reality Project*, as well as learn about careers in the green building field, and what you can even do at home and at school and work.

Monday, February 19, 2018 from 12:20 – 1:20PM
deWitt Lecture Hall, Zabriskie Hall Room 106

All *Sustainability Perspectives* series events are free and open to the public.
The series explores the concept of 'sustainability' from a variety of viewpoints.

Wells is committed to providing access to all events; anyone needing assistance should contact Marian Brown, Center for Sustainability and the Environment, at 315-364-3304 or by email at mbrown@wells.edu, as soon as possible.
